

SIMOCODE DP

Course Code – SD-D93/94

Duration – 2 Days

Prerequisites

A background of three phase motors and the protection of motors.

Aims and Objectives

The course is aimed at maintenance and engineering personnel who need a detailed knowledge of SIMOCODE-DP.

Content

- Introduction to SIMOCODE-DP.
- Programming of the unit.
- Basic configuring steps.
- Course exercises.
- Control from various sources.
- Communicating via PROFIBUS-DP.
- System designing & interlocking.
- Control of motorized valves.
